IS WHERE THE POOL IS

REDEFINING EXCELLENCE

www.SwimUSApools.com

Welcome Home

SwimUSA Fiberglass Pools is committed to crafting **premium quality** inground fiberglass swimming pools designed to provide lasting beauty, durability, and enjoyment. Each pool is built with the finest raw materials, ensuring unmatched quality and peace of mind.

Transform your backyard into your **personal oasis** - a place where friends and family can gather, unwind and share unforgettable moments.

With a SwimUSA pool, you're not just adding a feature to your backyard - you're creating a space for **relaxation, connection, and unforgettable experiences**. Designed for versatility and enjoyment, our pools cater to everyone in your family and are even **pet-friendly**.

Best Warranty in the Industry

SwimUSA Pools is the **ONLY** fiberglass pool manufacturer that offers **PLATINUM WARRANTY COVERAGE**, which includes a **TRANSFERABLE 50-YEAR STRUCTURAL** Warranty **AND** a limited **COMPREHENSIVE SURFACE** Warranty, not offered by any other fiberglass pool manufacturer.

While other fiberglass pool manufacturers may offer a surface warranty, it typically only covers osmotic blistering. SwimUSA is so confident in our selection of premium quality raw materials and the craftsmanship and experience of our build crews, that our surface warranty includes coverage for the following, when your pool is properly installed and maintained. Our surface warranty offers unmatched coverage for the following:

- ★ 15-years osmotic blistering
- ★ 3-years cosmetic surface/spider cracks from manufacturer's defects
- ★ 1-year fading, whiting, clouding, or hazing from manufacturer's defects

Our **PLATINUM WARRANTY COVERAGE** ensures your SwimUSA fiberglass pool is protected by the **BEST warranty in the fiberglass pool industry**.

Protect your investment.

Trust SwimUSA for industry-leading protection and peace of mind.

PLATINUM
Warranty Coverage

*SwimUSA does NOT recommend the use of salt systems.
Using a salt system will void your surface warranty.*

The SwimUSA Advantage

UNMATCHED MATERIAL QUALITY BACKED BY PLATINUM WARRANTY COVERAGE!

There's a reason why SwimUSA offers unprecedented Platinum Warranty Coverage. Our commitment to quality begins with the use of premium raw materials and the meticulous craftsmanship of our experienced build crews. Quality assurance check points at key stages provide peace of mind so you can rest assured that your pool will be built to last a lifetime.

1 Surface Layers

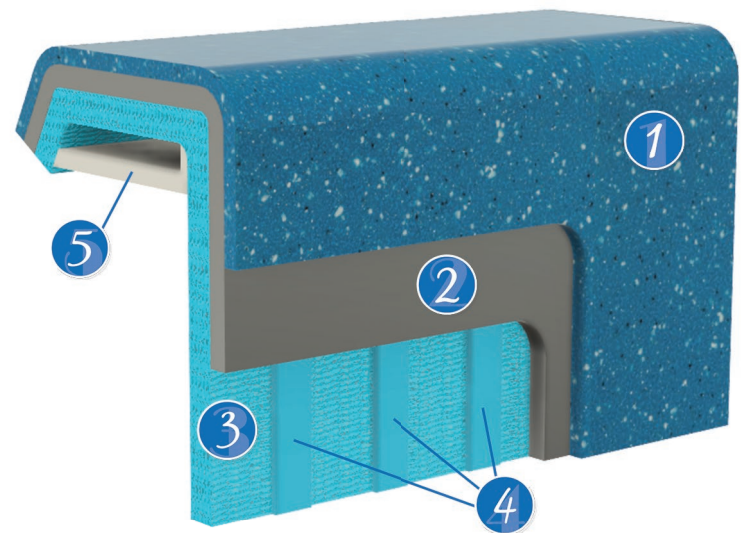

Complement your outdoor living space with our High Definition Galaxy Surface Finish in one of our Standard or Premium colors.

2 Barrier Layers

Epoxy based Vinyl Ester Resin creates a barrier coat designed for flexibility, strength, durability, impact, blister resistance and toughness.

3 Structural Layers

SwimUSA's Biaxial Encapsulation Layers are the core reason for our Platinum Warranty Protection. Due to its increased tensile strength, our hand-laid 36-ounce premium biaxial fiberglass is superior to standard woven mat typically found in other fiberglass pools. Encapsulated with chopped mat and polyester resin, our Biaxial Encapsulation Layers act as a corrosion barrier, providing exceptional strength and durability, while offering adequate flex for freeze/thaw climates. Additional Biaxial Encapsulation Layers are added to the floors of all pools, as well as the walls of our large and jumbo pools, to ensure you have the strongest fiberglass pool available.

4 Honeycomb Supports

Honeycomb supports are strategically incorporated along the walls, tanning ledges, and other key transitional points to maintain your pool's shape and enhance its structural integrity.

5 Enclosed Coping

Enclosed coping provides additional protection during transportation and installation, while adding to the pool's overall strength and rigidity.

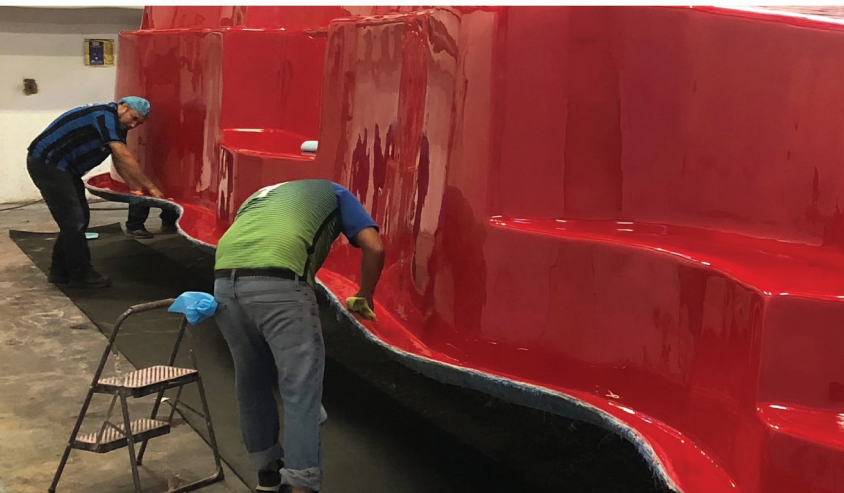

Together the surface, barrier, and structural layers create the best built fiberglass pool available today, which is backed by the industry's leading warranty.

Discover the SwimUSA Advantage!

Quality you can Depend on!

INTEGRITY YOU CAN TRUST

Our skilled and experienced build crews use the finest quality, premium raw materials available in the industry to hand craft pools, spas and tanning ledges in the United States of America, that are built to last a lifetime.

Much care is taken to maintain our molds.

The mold is cleaned and prepared to build your pool.

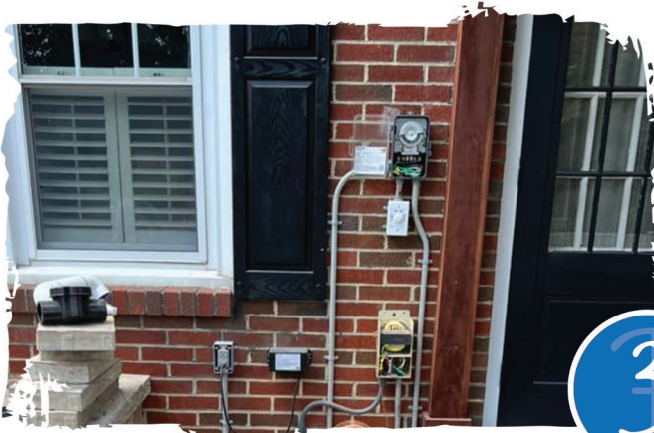

Installation

Your pool builder will prepare the hole based on the specific SwimUSA model you ordered and your pool will be lowered into the hole using a crane or excavator, depending on size.

Your builder will backfill around your SwimUSA pool with clean 3/8" stone, while filling your pool with water.

The plumbing is completed and ready for an electrician to run power to the equipment pad. This concludes the actual installation portion of your fiberglass pool.

Once your pool is installed, it will be ready for at least 3 feet of concrete, pavers, travertine, or other materials to suit your desired look.

Swim & Play

Rectangle pools are a great way to create a modern backyard with clean lines and ample swim space. Their versatile design makes them ideal for relaxation and exercise.

Colors

Personalization With Purpose

Our Standard Galaxy Finish Colors offer a stunning range of options designed to achieve perfect harmony, seamlessly blending your backyard with your home's design aesthetic.

Standard Galaxy Finish Colors

The color you select for your SwimUSA pool will affect the overall look and feel. Our Standard Galaxy Finish Colors offer a wide assortment of design possibilities.

Atmospheric conditions and cloud cover contribute to the color the water reflects in a pool. Due to the nature of photography, raw materials, and printing, variations in color may occur.

Dazzling Colors

Personalize your pool with hues and tones as unique and spectacular as you. Combine individuality with luxurious design to create a truly breathtaking statement piece.

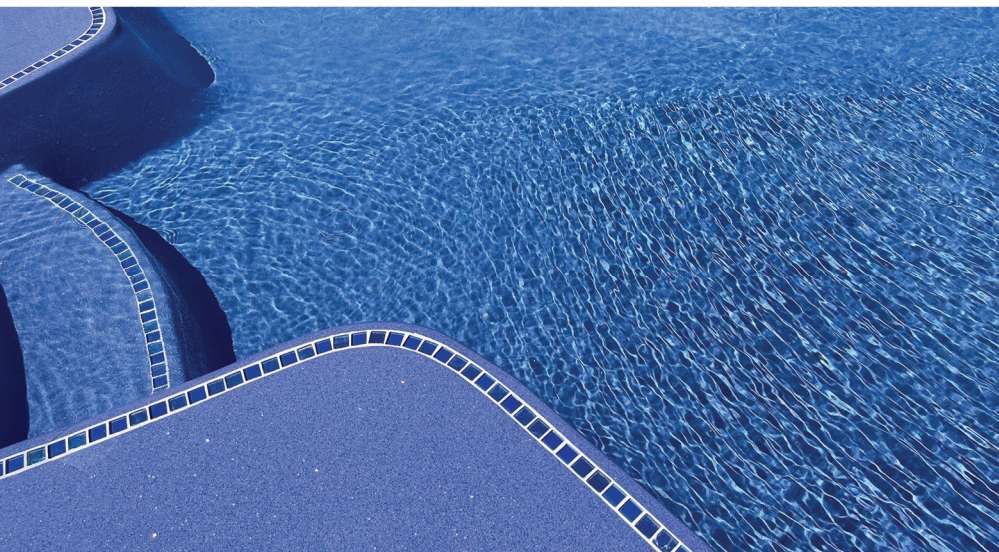

Colors

Premium Galaxy Finish Colors

When you want colors beyond ordinary, our Premium Galaxy Finish Colors are extraordinary! Designed to dazzle and delight, these hues can help you create your dream SwimUSA pool.

Due to the nature of photography, raw materials, and printing, variations in color may occur. Ask a SwimUSA dealer for a physical color sample.

Tile

Endless Design Possibilities

Tile opens the door to limitless creativity offering a variety of colors, patterns, and materials to transform your poolscape into the ultimate personalized oasis.

Customize With Tile

Enhance your SwimUSA pool with a variety of tile options designed to complement your pool's color and elevate your outdoor space. From waterline border tile to inlaid mosaics, tile adds a personal touch that enhances your pool's aesthetic appeal.

See our website for current tile options.

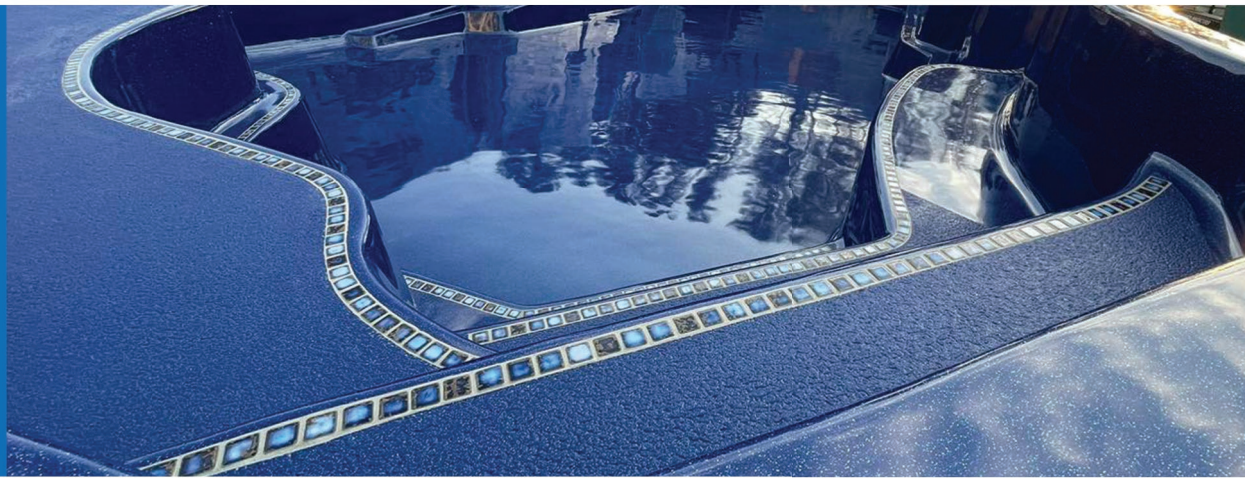

Waterline Tile

Add a polished finish to your pool with a 6-inch border of waterline tile. This feature not only enhances your pool's design but also reflects your unique personality.

Tiled Skimmers are Available Upon Request.

Accent Tile

Customize your pool further with accent tile, inlaid along the edges of steps, seats, and ledges. These details add a touch of elegance and individuality to your pool's design.

Mosaic Tile

Personalize your pool with stunning mosaic tiles including dolphins, turtles, starfish, medallions, fish and more. These inlaid designs add creativity and charm to your swimming experience, turning your backyard into a custom work of art.

For Your Mind, Body & Soul

Transform your poolscape into a tranquil retreat with water features like swim jets and bubblers, complemented by lighting to achieve the perfect balance of relaxation and functionality.

Options

Swim Jets

Swim Jets can transform an ordinary pool into a personal fitness center. Swim in place to boost your heart rate and build muscle strength. Swim Jets can be installed on the back wall of your SwimUSA pool.

Bubblers

Select SwimUSA pools can be built with bubblers to create an elegant masterpiece or added to our tanning ledges to bring dynamic movement and soothing sounds, perfect for complete relaxation.

Lighting

LED lighting offers a stunning and sophisticated way to highlight your pool's best features with vibrant, mesmerizing illumination. It transforms your pool into a captivating centerpiece, perfect for enjoying its beauty day and night.

Contact a friendly SwimUSA representative or local dealer to explore the various options for incorporating lighting into your pool design and outdoor space.
